## ZIN

ZIN is Toledo's finest special occasion string quartet, providing the highest quality music for discriminating consumers.

Versatility, flexibility, and professionalism are our strengths. This ensemble has extensive experience providing music for weddings, receptions, concerts, private parties and other special occasions.

Violinists David Dyer and Merwin Siu, violist Cheryl Trace and cellist Renee Goubeaux are full-time members of the Toledo Symphony Orchestra, one of the best regional orchestras in the country.

## what is the ZIN experience?

ZIN is sixty combined years of professional musical experience packaged in four skillful, good-humored, and unflappable musicians. We play together seven days a week, nearly three hundred days a year. We love each other's company, and we take pride in what we do.

The members of ZIN have played in America's finest concert halls. We've worked with Yo-Yo Ma and backed up Bobby McFerrin. We've accompanied silent movies, poetry slams, and sporting events. We have played in almost every venue in this region...from churches to parks, restaurants to hotels, art galleries to private residences.

ZIN adds that touch of class to any wedding or get-together. Our artistic planning staff works with you to create a truly unforgettable occasion that mirrors your taste. The elegance of Mozart or Bach? We've got it. Tunes from popular Broadway showstoppers? We'll have you thinking you're on the Great White Way. Want to walk down the aisle to Purple Haze? We've been asked, and we've delivered (though we didn't set anything on fire).

ZIN can provide every musical experience under the sun, from soothing sonic ambience for your reception to an exhilarating live concert that will be remembered for years to come.

Most importantly, we can take *your* moment and make it unforgettable through the power of great music.
